

# USDA Northern Plains Regional Climate Hub: Building Blocks Workshop

Adaptive management practices for working lands that provide multiple economic & environmental benefits while also increasing resilience to extreme weather events.

## Save the Date:

March 15 (8 am - 4 pm) – March 16 (8 am - 12 pm), 2016

### Who:

USDA Family Agencies, USDA Land Grant University & State Climate Office Partners

### Where:

Casper, WY (USDA NRCS State Office)

### How to attend:

Registration is necessary, as space will be limited. **Click here** for more information & to register.

### How much:

\$30 registration fee (includes 2 lunches). Limited funding will be available to assist with travel costs.

### Building Blocks Workshop Objectives:

- \* Interactive information-exchange on the USDA Building Blocks
- \* Discuss strategies to reduce enterprise risk & increase resilience of working lands
  - \* Explore adaptation strategies to weather/climate variability
  - \* Identify needed trainings & educational material

### Climate & Agriculture Tools Workshop

Agency partners are offering a workshop directly after the Building Blocks Workshop.  
March 16 (1 - 5 pm) - March 17 (8 am - 12 pm)
